Carroll P. Wilson, the son of William C. Wilson, of Amarillo, was recently promoted to the rank of first lieutenant at the U.S. Army Adjutant General (AG) School.

Three Cars Involved In Accident

Three cars were involved in an accident at 8 p.m. Monday on U.S. 87 at the intersection of Spur 48 and one man was treated and released from the hospital as a result.

Mrs. Ocoee Holt of 1819 Fourth Ave. was driver of a car which was struck in the rear by a car driven by Howard Leon Park of Borger. The Park vehicle bounced off the Holt car and struck a car driven by James Douglas Hays of Dimmitt, a WTSU student.

Investigating officers said Park was taken to Neblett Memorial Hospital but was released Monday evening.

Damage to the Holt and Park cars was extensive, but Canyon policeman Tom Rolan said damage was minor to the Hays vehicle.

Park was arraigned before county judge Woody Pond Tuesday on driving while intoxicated charges and bond set at \$500. He pled not guilty.

pinned on by his wife, Susan, and Colonel Richard P. OKoch, school commandant.

The 24-year old lieutenant is presently assigned to the AG School as copy editor for the AG Journal magazine, a bi-monthly publication dealing with matters pertaining to the AG Corps of the Army.

Graduating from Amarillo High School in 1965, Wilson went on to study at West Texas State University where he received his bachelor of science degree in 1969 in journalism.

Following graduation from college, he worked as editor of the Canyon News, and then entered the Army on Oct. 1, 1970.

Mrs. Wilson is the daughter of Mr. and Mrs. Samuel Bryan, Jr., Amarillo. The Wilsons have one child, D'Arcy, age 2.

Girl Eagle Basketballers Eye State AAA Crown

The Canyon girls basketball team will be back this year as strong as ever for another run at the state championship that eluded them by four points last year.

In last year's state tourney the Canyon girls met Victoria and fell, in overtime play, 55-51. This year half of that team will return to the starting lineup.

Lynette Slack, senior forward, and Joy Williams, senior guard were named to the mythical 1971 all-state squad. Kris Tucker, senior forward and the other returning starter, was named to the '71 all-district team.

Muleshoe and Tulia, the other members of District I-AAA are expected to field stronger than usual teams this year, according to Eagle coach Bob Schneider.

"I am looking for Muleshoe to field the best team they have had in several years. They will have four starters back," said Schneider.

"Tulia always has a strong team. They have a real fine tradition going for

them down there. They lost four starters and will only have two coming back, but they had a real good freshman and junior varsity team last year," he commented.

Injuries have plagued the Eagles all year, although workouts for the season will not actually get underway until Friday.

Kenda Hood, the tallest member of the squad, had a bone slip out of place and has had her leg in cast for six weeks. The cast was removed recently, but it will still be at least two weeks before she will be able to work out. "If she works at it she will probably be ready to go by December 1st," Schneider stated.

Luquette injured a cartilage last week and her leg was put in cast. Although the cast expected to come off sometime next week, it will not be known how long she will be sidelined until the cast comes off.

Julie Coffman and Ginger Currie were injured in a car wreck shortly before school started, but "they are com-

ing around now," said Schneider.

"I guess this is the most injuries we have ever had. I hope that we have got all that out of our system now," Schneider lamented with a big sigh.

"Had it not been for injuries, I think we would be ahead of where we were this time last season."

"This year we have a little bit more experience, but we're not real big. We are as short as we have been in a long time. We are inexperienced in about three key positions—at the guards mostly," Schneider commented as he pondered the situation a moment.

He leaned up against a filing cabinet, scratched his head a bit and continued, "We are about where we were last year. Not ahead, but not behind. I hope in a couple of weeks we will be a lot better."

About 49 hopefuls, more than usual, are trying out for positions on the three teams—varsity, junior varsity and sophomores. "There are about 20 girls out for the varsity. We will pick a team of about 15."

"Hmmm.... The strongest point—since we don't have that much height—we will just have to out hustle and out work'em (opponents)," Schneider said. "The girls have a good attitude and have been working hard."

Marilyn Read, who saw much action last year, probably has one of the three open positions nailed down. Other girls vying for the other two open positions include Debbie Rossi, senior guard; Julie Coffman, senior guard; Susan Hull and Penny Griffin.

The season is just 'round the corner for the girls. Nov. 1 they will scrimmage Fritch in Canyon and Nov. 2 they will scrimmage Panhandle here.

Nov. 6 the Eagles will attend the Plainview Clinic and Nov. 9 they will go against Hale Center in the Eagle gym.

District play will open Jan. 14 in Muleshoe.

Our World

By ANN BROWN
Happiness is one goal that all men share in common. The malcontents of this world are the ones who have missed the road to that goal.

For centuries sages have agreed that the road to happiness is composed of someone to love, some constructive work to do, and something to hope for. Circumstances might deprive one of the first two ingredients. But only choice could deprive one of the third.

A philosophy that has grown increasingly popular in America for the past 35 years is that all a man needs to be happy is money. If he can't or won't — earn an adequate amount, then the solution is for the government to take from his more productive neighbor, and supply his needs.

Has America become a happier land under this system?

Has the average worker found the leisure and security this system promised?

It is questionable who has suffered most under this unrealistic philosophy: the businessmen who are struggling to survive under the crushing burden of red tape and taxation, or the welfare recipients who have forfeited their self respect and reason for living.

Final Services For Infant Girl

Funeral services for the infant daughter of Mr. and Mrs. Ronnie Quattlebaum of Aiken, South Carolina, were conducted at 4 p.m. Monday at George Funeral Home in Aiken.

Burial followed in Aiken. Gina Michelle Quattlebaum, four-month-old, died in Aiken General Hospital Oct. 9, 1971.

She was born June 3, 1971 in that city.

Survivors other than her parents are maternal grandparents, Mr. and Mrs. John Whinnery of Amarillo.

Pony Express Tournament Is Sunday

Palo Duro Rangers Riding Club will compete Sunday in a pony express tournament Sunday in their own arena south and west of Canyon.

Eleven teams have been invited to the afternoon tournament which begins at 2 p.m.

The arena is five miles south and one-quarter mile west on the Buffalo Lake Road.

Public is invited.

Medical researchers report that unhappiness (fear, tension, and mental stress) kills more people than all the communicable diseases combined.

If money could produce happiness, would it not be logical to expect rich people to be healthier and live longer than their poor neighbors?

Yet the rich man who lives to be old is the rare exception. Thomas A. Edison, Henry Ford, and J.C. Penny are among those exceptions.

But who can name a poor man who worked harder than those three great Americans?

The man who refuses to do anything until he can do what he wants, or until he can do it the way he wants, or so well that no one can find fault with his work is not likely to do anything at all.

History is eloquent testimony to the fact that the most productive men are usually the ones who have suffered the most hardships, and made the most mistakes.

A friend is reported to have asked Edison if he did not feel his more than 90 failures in his effort to produce incandescent light had been a waste of time. The great inventor disagreed emphatically. He said he had learned at least 90 ways it could not be done.

How could a man help being happy when he knows he has made generous contributions to the happiness and welfare of his fellowmen?

And how could a man

keep from being miserable when he knows he has deliberately contributed to the misery and degradation of the world?

If someone to love is essential to happiness, is the poor man not as likely to have a wife, children, and friends, as his rich neighbor?

If constructive work is essential to happiness, can the poor not at least clean and repair their own dwellings and neighborhoods?

Are there not hosts of people old, sick, or helpless who are dying for the kind of care and attention the idle poor could supply?

And if hope is a vital ingredient for happiness, is there a power in the world sufficient to deprive a man of hope?

Even if all hope on earth were gone (and there comes a time in every man's life when it is) there is still hope in God, and heaven to anticipate.

Many people insist they have despaired of doing anything constructive because of current chaotic conditions. But wasn't the world built out of chaos to begin with?

So if anyone can be happy who loves, works, and hopes, those elements are available for free — to all who seek them.

When one learns to love God and himself, he's ready to start on his fellowman.

Then he needs to go to work.

Anyone who loves and works always has something to look forward to.

Stubblefield To Head Quarterhorse Group

Scott Stubblefield, WTSU freshman from Tyler, was elected president of the American Junior Quarter Horse Association last weekend as the group wound up its second annual convention at the Adolphus Hotel in Dallas.

Stubblefield, who is majoring in agricultural business and economics, was named all-around champion at the Texas Junior Quarter Horse Association finals held in Waco this summer after winning several individual events.

He trains his own horses and a few for other people.

As vice-president of the Texas organization, Stubblefield helped plan the 1970 finals and is on the board of directors of the Trinity Association.

The delegates made plans for the 1972 American Junior finals and convention.

BY PAULINE HEFLEY

Congratulations to David Johnson, son of the Carl Johnsons, and Machele Carroll, daughter of the Eddie Carrolls, for being elected the 7th grade representatives to the Canyon Junior High Student Council.

Happy Birthday to Fred Finke.

This is late in getting here, but I hoped you all noticed the nice honor paid to Charlie and Joan Fowlkes. As you are probably aware, they were presented the Globe-Times Accolades for their concern and hospitality to many foreign students visiting in the Amarillo area this past year.

According to the tabloids, Charlie and Joan have hosted 14 international visitors since June. Congratulations, Charlie and Joan, and I'm sure all your guests returned to their respective parts of the world with a better picture of the America way of life and some of that Texas hospitality.

Two in our area that we know of that made the Honor Roll are Pat Keith and Alecia Fowlkes.

congrats to you girls.

Happy Birthday to Nancy Oglesby.

Congratulations to Kelly Forehead, son of the Roy Foreheads, for being the Defensive Linemen of the week, and Marty Wallis, son of the Wayne Wallises for being the Offensive Lineman of the Week. These boys are on the ninth grade white team.

By the bye, the Wayne Wallis family tooted up to Roswell over last weekend and took in a "Charity" Variety among other things. Jean says that the musical was produced and directed by Wayne's cousin, Christopher Brown from Hollywood, California, but the cast was made up entirely of local talent. There were fourteen from Amarillo and Canyon that joined in for the trip. Sounds like a good time to me, eh what?

Happy Birthday to Mrs. Ted (Joe) Walker who celebrated her 66th birthday this week. She looked all bright-eyed and bushy-tailed to me, and we hope this special day is one of many more to come.

Several of our Boy Scouts, along with their families, motored up to Philmont Scout camp recently for a real excursion. Going along were C.O., Scotty, and Jo Beth — Hillman, Bob, Dorothy, and Bruce Kennedy, John, Bonnie, and

Greg Dodson, Bill, Ruth, and David Clark, Carl, Willetta, Cindy, David, Gurt, and Allen Johnson, and Jessie Johnson, and Bob, Grace and Kirk Bentley. Mr. Bentley is a Scout Executive you know. Anyway, the group really had a swell time. They did such various things as climbing on top of mountains and eating buffalo meat for supper. You recall that Philmont Scout Camp is over by Cimmaron, New Mexico. Before motorizing back home, the Carl Johnsons took advantage of this time of year and tooted over to Taos, New Mexico to see the foliage changing and visit the art galleries, and avail themselves of some real good Mexican food.

Another family zipping away from Philmont after the Boy Scout tryst was the Bill Clarks who also tooted up to Taos to see the trees do their thing, enjoy the art shops, and cuisine. However on their way, they toured the Vietnam Veterans Peace and Brotherhood Chapel that stands on a hill in Northern New Mexico overlooking the beautiful Moreno Valley. This chapel was designed by Ted Luna of Santa Fe and was built by Doctor Victor Westphall and "dedicated to veterans of the fighting in that Asian nation, particularly the maimed in body and spirit, and most especially to those

who gave that most precious gift of all — life itself." The Westphalls lost their son, David, in Vietnam and their other son, Douglas, flew as an Air Force pilot in the Southwest Asia armbe sure and see this chapel when in that area.

Gotta sign off for now, ya'll get me your latest news — 376-9853 or 352-2089.

Canyon Gridders Lambaste Alamo

The Canyon seventh and eighth grade Purple teams romped over the Alamo Catholic gridders Saturday in Amarillo.

The seventh graders topped Alamo 20-6, while the eighth grade Purple gridders ripped Alamo 28-0.

A 55-yard pass-run play from Randy Langen to Jonathan Hull lit the scoreboard for the first Canyon seventh grade score. Hull scampered two yards for the PAT.

Ronnie Whitnew scored the two final Canyon seventh grade TD's on runs of 20 and 15 yards.

Langen was named the most outstanding offensive back of the game, while Mack Sullivan was picked the outstanding defensive back. Mark Lawrence and Ronnie Whitney were named the outstanding offensive and defensive linemen of the tilt.

He is from Friona and has been in the Army for six years. He attended WT and graduated from Panhandle State College in Oklahoma in 1965.

The lead travel article in the "Between Friends" page in "FRIENDS" Magazine circulated to all Chevrolet owners during September, describes "They Came From Spain."

Some 3500 persons attended the "Spain" performances up to the Labor Day Weekend, according to the sound and light show office.

Perryton also has three back with one all-district performer. Dumas the defending state champs, lost 11 of 13 starters and may be hard-pressed to be a serious title contender this year. Mule-shoe returned almost all of their starters. Tulia will field the tallest team in the district with three performers 6-5 or taller.

Canyon's Podzemny was also named to the all-district team last year. "We will probably be strong offensively, because we have some great shooters and we will be strong in rebounding.

But, I feel that we will be weak defensively and pressing.

"We should have about 40-45 kids in the program this year," Kendricks commented. The Eagles have three teams — varsity, junior varsity and sophomore.

Podzemny tips the mark at 6-3, Fred Grona is 6-5 and John Green — nears the 6-5 mark so the Eagles will not be without height.

Other seniors vying for spots on the alignment are Danny Davis, Benny Richardson and James Johnson.

He has been decorated with two Bronze Star medals, the Army Commendation Medal, the Purple Heart, the Vietnamese Gallantry Cross with Palm, Meritorious Unit Citation, the combat Infantry Badge, National Defense Service Medal, Vietnamese Service Medal and the Vietnamese Campaign Medal.

87 CHS Students Attend Seminar

Some 87 Canyon High School students were termed "the best we have ever had" following a two-day drug seminar in Amarillo.

Ronnie Roberts, coordinator of the Drug Abuse Education Program, said the Canyon youngsters showed more interest and more concern than any group that has been through the program.

Roberts noted 10 different groups have been through the educational program learning about drugs and their effects.

"The group from Canyon was the best group ever," Roberts declared. "They showed more concern for their fellowman than any group we have ever had."

The narcotic and dangerous drug program is financed by W.J. Helm of Amarillo, owner of Plains Chevrolet, and is sponsored by the Amarillo Police Department and Operation Drug Alert.

The program is designed to educate high school and college students, who in turn educate junior high school and grade school students and adults in a community.

"We hope that these youngsters will go back and work within the school and the community, giving speeches, working with students on a one-to-one basis, and working with administrators to incorporate drug programs into the curriculum," Roberts

emphasized.

"We don't say do or don't take drugs," Roberts explained. "We let them make up their own minds after seeing the facts about drugs."

"And the kids from Canyon showed they wanted to learn and help someone else. They want to let other kids know that someone cares."

He said if other groups would like to attend the drug seminar they may set one up through his office in Amarillo, and any civic organization or church group that would like to learn more about drugs should contact the high school.

CHS Choir Concert Set

Canyon High School choir will join for a concert at 7:30 p.m. Nov. 8 in the High School Auditorium, according to Tom Jennings, director.

Singers will include the high school's Chorale, Mixed Choir, Girls Choir, Madrigal, and Show Choir.

Music planned for the evening is Michael Haydn's "Sanctus," Mendelssohn's "Heilig," John Beck's "Canticle of Praise," Willan's "Spirit of the Lord," and Houston Bright's "Never Tell Thy Love."

The singers are also to perform "Adoramus Te" by Palestrina, "Fa Un Canzone" by Vecchi, "O Lemuel," a folk song; "My Heart Is Fixed on Thee, My God," a Russian anthem; "Same Train," a spiritual, and "Give Me Your Tired, Your Poor."

A special feature will be Ernst Toch's "Geographical Fugue," performed by a speaking chorus.

The Madrigal and the Show Choir are to perform two or three popular numbers, Jennings said.

Coin Machines Broken Into On WT Campus

Coin machines were broken into on the West Texas State University campus Saturday night, according to security director Bobby Hudson.

Hudson said about \$25 or \$30 was taken from machines located in the old administration office between 7 p.m. and 8:50 p.m. when security officers discovered the loss.

Hudson also said a glass door had been broken in the University Complex south Saturday evening.

He explained that the coin machines in the old ad building had been broken into twice during the summer, June 24 and Aug. 5.

"He is really tearing the machines up," Hudson said Tuesday.

Man Arraigned, \$20,000 Bond Set

Andrew James Sanchez of Amarillo was arraigned Monday on possession of heroine charge and bond set at \$20,000 by Justice of the Peace W.W. Hancock.

Sanchez was arrested Sunday by Metro Squad officers in a house on South Washington Street in Amarillo.

Officers are still investigating the case in terms of two juveniles and two other adults who were in the house at the time of the arrest.

Investigating officers said narcotic paraphenilia was found in the home.

"Quickpoint" To Be Shown

Daylong demonstrations of "quickpoint," a speedy method of doing needlepoint, will be given at Dan's of Canyon Saturday.

The quickpoint technique

LINDA RANDELS

uses extra-large yarn to follow colors printed on canvas with a four-to-the-inch mesh, so that the final effect resembles a sampler.

Miss Randels will show finished patterns to illustrate the effects which can be achieved.

The showings will begin at 10 a.m. and continue until 4 p.m.

Capers Set Meet

Members of Canyon Capers square dance club will hold a general meeting Oct. 25 in the home of Mr. and Mrs. David Podzemny.

The Capers danced Monday night to the calling of Knox Day in the Junior Livestock Building.

Visitors were from Shirts and Skirts of Tulsa.

Maroon Madness Practice Friday

For a lack of a better name at present, the "Four, plus one" offense will transfer its self from the drawing board to the basketball floor Friday.

The West Texas State University Buffaloes, dubbed last year during a 197 season as "Maroon Madness", will open practice under Coach Dennis Walling.

"We are going to take the wraps off our scoring this year with this new offense," said Walling. "We controlled the ball last year and that was successful, but we have a great deal of firepower on offense and this will allow us to take full advantage of the players' talent."

The Buffaloes will operate without a post man as such this year, using four forwards and one guard to operate the offense-hence the name "Four, plus one."

The battles are hot for starting berths all over the floor as 10 lettermen, including seven of the top eight scorers, return from a team which whipped four NCAA playoff teams last year. The Buffaloes downed Weber State, Utah State, New Mexico State and Houston on their way to their standard last year.

In addition to the scorers, seven of the top eight rebounders return from a team which ranked second nationally in team rebounds, averaging 57.7 per game. Leading the way are three quality players-Ray Golson, Steve Davidson and Ralph Houston.

Golson led the team in scoring with a 19.9 scoring mark and was named to the TV Guide Southwest All-American team. Davidson tallied 18 points per game and pulled rebounds at a 12.9 clip. He earned second team honors on the District 16 NCAA All-American team.

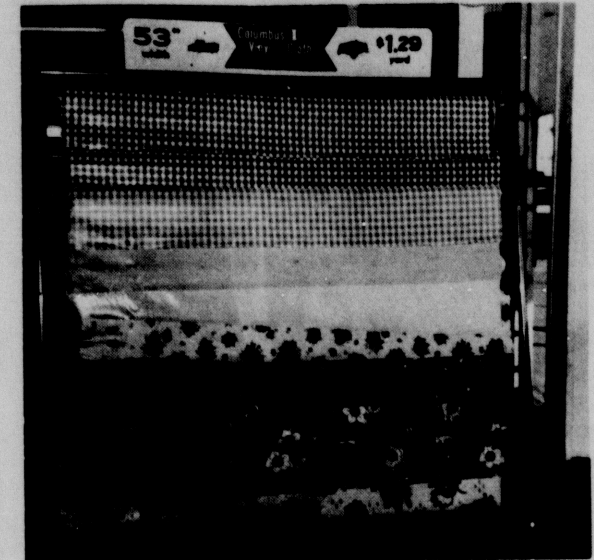

Houston, last year's team captain, scored 15 points per game and was the second leading rebounder with an 8.8 average.

IT TAKES LONGER NOW TO BECOME OLD

In the past there always were a few people who lived long lives. But, most of them acquired the disease of old age before they were fifty years of age. After that they suffered from pains, aches, lack of energy, chronic coughs and other miseries.

Medical knowledge, diagnostic techniques, and positive acting drugs have been greatly improved. Now many people are young at seventy and hope to stay that way. To a great degree, how long you will live depends on you regularly having your physician check your body. By treating any ailment before it has time to become a serious problem, you can add many years to your life.

Fine Art Schools Starts 'Culture For The Masses'

The West Texas State University School of Fine Arts is inaugurating a "culture for the masses" project.

Called the Faculty Performance Series, artist-faculty of the university will provide without cost cultural programs in music, art, drama and speech to art groups in towns of the Texas Panhandle.

"The major aims of the project are to acquaint area residents with the WTSU artist-faculty and to provide cultural programs for the people in various communities who would otherwise have to come to the university campus for such events," Dr. John E. Green, dean of the School of Fine Arts, said Saturday in announcing the series.

In the beginning, he said, the programs are available only to arts-related organizations, such as fine arts clubs, musical arts groups, art associations, literary clubs

and community theater groups.

"Sponsorship by two or more cooperating organizations from a community is encouraged," Dr. Green said. "A minimum audience of approximately 25 persons is desired."

The project is supported by the Friends of Fine Arts, a non-profit organization, organized two years ago to offer financial assistance to the fine arts program at West Texas State.

Offerings on the series include lectures and demonstrations by members of the art faculty, concerts and recitals by the music faculty, selections in Reader's Theatre, play reviews and student performances of excerpts and one-act plays.

Inquiries about program arrangements may be addressed to Dr. Green at the university or to Max Motley of 1230 S. Bryan, Amarillo, chairman of the Friends of Fine Arts.

WT to Hear John Ciardi

John Ciardi, poetry editor for "Saturday Review" has been signed to speak on the campus of West Texas State University on Oct. 18, according to an announcement by Dr. John Green, chairman of the Special Programs Committee.

Ciardi's visit is planned to fill the gap left by the Aug. 27 death of writer and publisher Bennett Cerf, who had been engaged for the Octo-

ber date.

The guest-speaker, who has written more than two dozen volumes of poetry, was on the campus in May of 1969.

Poetry editor for "Saturday Review" since 1956, Ciardi has recently completed the third part of his translation of Dante's "Divine Comedy." His latest book of verse book of verse is titled "Lives of X."

The Miss WTSU pageant Oct. 22 will include Mathis, and Susan Fangio (l. to r.) Misses Joy McCathern, Betty Davis, Carol

McKinney, Brown, Tate Change Positions—Campbell

Assistant West Texas State Buffalo coach Jimmy Campbell predicted that line-backer Bill McKinney and defensive end Thomas Tate would be moved to offensive guards and that Carl Brown, split end, would be moved to half back in the Saturday night tilt with Northern Illinois.

Campbell made his predictions at the Monday night meeting of the Buffalo Booster Club. He was filling in for head coach Gene Mayfield who was unable to attend.

Campbell said that he wasn't positive of these moves, but in his opinion he

felt that McKinney and Tate would be used primarily as guards to help bolster the offensive line.

McKinney was named the defensive player of the week for his performance in the Buffs game with the University of Texas at Arlington last week.

"We have quality men to replace both Tate and McKinney at their defensive positions, although there are probably no two men that could completely fill in for Bill (McKinney) at line-backer."

"Things just seem to happen with Carl Brown," Campbell commented while

praising Brown's efforts in past games. "He is fast - as a freshman he won the Missouri Valley Conference indoor hurdles last year, his play in a losing effort against Tulsa earned him the coaching staff's offensive player of the week award."

Pritchett is currently leading the MVC in rushing yardage. After four games, he has amassed 434 yards on 98 carries for a 108.5 yard clip per game.

Twice this season, he has

Emphasizing time and again that what he said was in his opinion, and not necessarily the staff. Campbell continued, "Our blocking back has not been blocking who he is supposed to. He just has been blocking the wrong man and our offensive linemen just have not been blocking."

"We are realizing now that we don't have the material to block up the middle, but - I think we are on the verge of having a great team. It is evident in the films, Campbell said.

"The problem we have this week is at quarterback. Louis Jarrett is a good scrambler, but he just doesn't have the experience yet and is not reading the wishbone like he should," Campbell stated.

Campbell went on saying that they are working with Jarrett along with Ron Leach and they will probably be alright.

"I scouted Northern Illinois when they played Marshall last week. They are quick, but don't appear to be that large on the average. They are a good team and I counted 97 plays that they ran and I know I missed some."

The average college team runs from between 50 and 60 plays. "The key to it all is to defend against number 81," Campbell said. Number 81 is Willie Hatter who leads the Huskies in pass receptions.

"Ed Holwig stretched some muscles on the inside of his knee. It is the same injury that Dwayne Sexton suffered a few weeks ago. He could possibly be ready by Saturday, but it will probably be another week or so. Windy Walker won't be able to play. He has a broken finger and an eye injury.

Glen Kelly is expected to fill in at line-backer, should McKinney be moved to offensive guard. Bruce Whisenhunt and/or Thomas Costello will probably fill in for Tate should he be moved to guard. Brown will not have to be replaced as he alternated with end Daryl Winn, if Brown goes to half-back.

If the moves take place, the positions will be filled with persons who all have some experience and some who have considerable experience.

CanyonFolks Place In Fair

Louis G. Hinders of Canyon showed the grand champion female holstein cow at the 54th annual Panhandle South Plains Fair in Lubbock last week.

Hinders also showed the reserve grand champion female and the premier exhibitor and premier breeder along with the senior champion female.

Mike Hinders showed the junior champion female in the holstein class and Sharon Hinders showed the champion holstein in the junior show. David Hinders showed the reserve champion holstein in the junior show.

In the Performance class of the quarter horse show, Sally Schwartz of Canyon placed second in the junior western pleasure division.

Pritchett, Brown Play Starters

If there were any doubts whether the inexperienced West Texas State offensive backfield could produce the big plays, sophomores Billy Pritchett and Carl Brown have disproven them.

Pritchett and Brown, both natives of Van Vleck, Tex., are making their debut season a spectacular one. Van Vleck is a small town, eight miles away from Bay City.

The two roommates could become the hottest football names to come out of WTSU.

Pritchett, a 227-pounder and starting running back for the Buffs and Brown, a reserve wide receiver, have produced a fine offensive punch for the Buffaloes.

Although Brown is more well known for his heroics on the cinder track (he won the Missouri Valley Conference indoor hurdles last year, his play in a losing effort against Tulsa earned him the coaching staff's offensive player of the week award.

Pritchett is currently leading the MVC in rushing yardage. After four games, he has amassed 434 yards on 98 carries for a 108.5 yard clip per game.

Twice this season, he has

earned offensive player of the week awards from the WTSU coaching staff and for his play against Lamar University, he was voted the MVC offensive player of the week.

There were several reasons why the talented duo elected to attend WTSU and it was not a case of linelessness that the two became roommates.

"We came up to West Texas State, looked at the school and were very impressed with the campus," said Brown.

"What really sold us on WTSU was the way the people in this area have reacted to us," said the smiling Pritchett. "They treated us a whole lot better than anyone else did and that really set us on the school."

The talented pair played under Coach Burl H. McKinney at Van Vleck High School and although the team did not have a spectacular season, it was a good one.

Both young men seem to enjoy each other's company and are highly impressed with their head coach, Gene Mayfield.

"It's a great honor to be rooming with Carl," Pritchett said.

"Billy and I have always been great friends and it's really one of the greatest things for both of us playing for the Buffs," said Brown.

"Coach Mayfield is the best coach in the conference," said Pritchett, and he is concerned about his football players. He not only thinks of them as football players but as human beings too."

The pressures of being first year players hasn't seemed to tarnish their performance on the field.

"Sure, there is pressure but we get over it quick," Brown commented.

The Buffs are currently holding a 1-2 record but according to Pritchett, things are definitely looking better.

"Everybody on this team is really together. We don't let just any one man take the blame for our mistakes. We all take it."

"It has always been my idea that you can be or do anything you want to as long as you have the faith in your own abilities," Pritchett ended.

The Alpha Delta Pi sorority at West Texas State pledged 17 freshman and sophomore girls this fall. Those girls pledging were: standing left to right, Nancy Walsh, Laura Best, Beverly Proffitt, Susan Nash, Paula Scott,

Beth Teague, Jackie Ermye, Ellen Maniatis, Becky Haley, Linda Jarrad, and Brenda Wason. Seated left to right are: Dana Martin, Cynthia Knox, Rhonda Little, Debbie Clark, Rena Hillier and Dana Weaver.

Computer Center Gets \$1000 Grant From Amoco, Inc.

Amoco Production Foundation, Inc., of Tulsa, Okla., has made a \$1,000 grant to the West Texas State University computer science program.

Dr. Philip J. Gensler, head of the Department of Computer Information Systems, said today the foundation specified that \$500 was unrestricted in its use and the remainder was to set up a scholarship to be called the Amoco Production Foundation Scholarship.

The university is responsible for administering the scholarship and selecting the recipient, Gensler said.
